

## SHINFIELD CRICKET CLUB

Shinfield Cricket Club welcomes boys and girls of all abilities between the ages 5-18.

Shinfield Cricket Club provides a **FRIENDLY, FUN, SAFE, FAMILY** environment to nurture young cricketers with particular emphasis on developing core cricketing skills, a respectful but competitive sporting attitude and a **PASSION FOR CRICKET**.

Shinfield Cricket Club was founded in 1890 and has played cricket in the historical village of Shinfield ever since. The Club remains the focus for cricket within Shinfield and the surrounding areas and benefits from a large catchment area which includes Reading and the villages and growing communities to the south.

Shinfield village has been subject to significant growth and redevelopment over recent years with many more new homes under construction. The Club plays an important role within the Shinfield community and welcomes those new to the area as well as those with more longstanding connections. The Club is committed to making the Junior Section a friendly, safe and enjoyable environment and encourages participation from all ages, genders and ability. The Club, its coaches and volunteers are passionate about cricket and aims to instil the same passion in its junior members.

The Club's Junior Section aims to equip its young cricketers with confidence and the key skills needed for future participation in adult cricket in the years ahead. The Club encourages its adult teams to select junior members for participation in adult fixtures as part of the pathway from junior to adult cricket.

The Club pays particular attention to developing a sense of fairness, supportiveness and a respectful sportsmanlike attitude within its young cricketers. We hope this will prepare them well for their future cricketing careers (wherever that may take them) as well as life generally.
